## **2018 Art in Action – tutor ROBYN COLLIER – Materials List**

**Friday Workshop – No.4 – ‘Painting a Translucent Wave’**

**Saturday Workshop – No. 19 – ‘Early Morning River Scene’**

**Sunday Workshop – No. 34 – ‘Painting a Sand-dune’**

- **CANVAS BOARDS** –1 x 12”x16” – (31 x 41cm).
- Use good quality canvas or give your board a coat with a white primer (acrylic house paint works OK) Cheap boards make the job of painting a lot harder as the paint does not flow on very well and you will find yourself filling in a lot of little holes) Don’t overdo the primer or you could end up with a board too slippery!!
- **BRUSHES** – A good selection of reasonable quality long, FLAT SQUARE bristle brushes – say some small, medium and large. A stiff synthetic round 0 and 2 and also a fine sable or synthetic sable for detail 0 or 00. (Art Basics are good). **PLEASE DO NOT BRING WORN-OUT BRUSHES OR ONES GUNKED UP AT THE FERRULE!** (That is unless you have a favourite ‘hairy’ one for grass.)
- **COLOURS - Artist quality please. I don’t mind which brand you use but I use Art Spectrum except where otherwise stated.**
  - REDS Pilbara Red.
  - GREENS Viridian
  - BLUES Phthalo Blue - Blue Black (W/N) – Cobalt Blue
  - YELLOWS Cadmium Yellow Pale, Australian Red Gold
  - BROWNS Burnt Sienna
  - WHITE Titanium White. (I use Norma)
- **OTHER ITEMS**
- **Standing Easel.**
- **Baby Oil for washing brushes only – in a sealed jar – preferably with a grid to aid in the cleaning process.**
- **PLEASE DO NOT BRING MINERAL TURPS OR ANY TURPS PRODUCT.**
- **Gamsol for painting medium. This is the safest to use. (Odourless lean is also okay)**
- A **GOOD**-sized palette. You will need plenty of room for mixing colours.
  - Double Dipper or Single Dipper
  - Palette knife for mixing colours. (diamond shaped one – medium sized)
  - Your normal painting kit including plenty of soft rags and paper towel.
  - Kneadable Putty rubber – thin willow charcoal if you would like to try my method of drawing in.
  - Baby wipes.
  - A screw top jar for taking home used mediums, they cannot be left at Merroo

Robyn will provide a colour reproduction of the rest of the subjects - and handouts

**Please note:** You are asked to bring **a floor standing type easel** to this workshop as well as a **drop sheet** as areas are carpeted. Thank you.

## **2018 Art in Action – Tutor CHAN DISSANAYAKE – Materials List**

**Friday Workshop No. 12 – ‘Beach and Seascapes’**

**Saturday Workshop No. 27 – ‘Boats and Water’**

**Sunday Workshops No. 41 – ‘Atmospheric Effects Rain and Mist’**

When it comes to materials, I would highly recommend buying the best quality materials you could afford. These will make a significant difference to your work and avoid unnecessary frustrations. In the list below I have avoided, where possible any unnecessary expensive materials and provided you with cheaper alternatives.

### **PAPER -**

Saunders Waterford 300gsm Rough Surface or Arches 300GSM rough or medium texture. (Chan mostly uses rough, also it is much more economical to buy the full sheets and cut it into various sizes.) These are available from all major art suppliers. For students trying to use quarter sheets, you can use Arches 185gsm medium surface (Cold Pressed) which will be little cheaper. Alternatively, you may want to buy blocks which come in books (expensive). I encourage the students to work in quarter sheet papers. One full sheet is sufficient for a day’s work.

### **BRUSHES -**

Chan uses a medium size squirrel mop brush with a sharp point (Size 8 to 12) for most of my paintings. As the sizes vary with different manufacturers it is difficult to specify an exact size. A good quality brush will hold lot of pigment and present a sharp point when fully loaded.

You don't need to buy Sable brushes which are very expensive, but please get a few artist quality brushes. It will make a significant difference to your work.

Essential Brushes ☐ Medium Size squirrel hair or natural hair Mop brush (Size 8 to 12) ☐ Size 12 round Brush with sharp point (Synthetic or Natural hair) ☐ Size 8 Round with sharp point (Synthetic or Natural hair) ☐ Size 0 or 1 Rigger (Synthetic)

### **EXTRA BRUSHES (Optional) –**

Size 6 Dagger also known as a “Sword brush” (Natural Hair) ☐ 1" inch Flat Brush (Synthetic) ☐ 2" inch Hake (Natural Hair)

### **PAINT – Watercolour**

If you already have watercolour paint, bring what you have. But If you are buying please make sure you buy artist quality paints. I prefer to use tube paints, they can be left on the palette to dry and can be reused.

**The following are well known artist quality brands available through local art suppliers -**

**Winsor & Newton, Art Spectrum, Daler Rowney, Rembrandt, Holbein, Schmincke.**

Essentially you will need warmer and cooler primary colour.

### **ESSENTIAL COLOURS -**

**Blues** - Cerulean Blue (Cool) - Ultramarine Blue (Warm)

**Yellows** – Raw Sienna or Yellow Ochre (Cool) – Cadmium Yellow Light (Warm)

**Reds** – Cadmium Red Light (Warm) – Permanent Rose or Alizarin Crimson (Cool)

**Darks** – Burnt Sienna – Neutral Tint

**Extra Paint – (Optional) –** Cobalt Blue – Turquoise Blue Light – Raw Umber – Chinese White – Australian Red Gold **OR** Quinacridone Gold

### **WATERCOLOUR BOARD – (A backing board for mounting the watercolour paper)**

You will need a board for mounting the watercolour paper. These are available from art stores but a cheaper option is to get them from a hardware shop. A board with some sort of coating will be desirable as it will be saturated with water.

..... Continued over .....

You will be provided with half a table space; however the board will need to be rested at a slight angle. If you have a foldable easel it can be rested on the desk with the board mounted at a desirable angle. But an old tissue box or stack of books would do the same job.

**MIXING PALETTE** - Plastic or Metallic

You will need a mixing palette with sufficient wells for mixing large washes. Chan uses a foldable mixing palette from Holbein (Japanese brand), although expensive a good investment. However, there are inexpensive plastic imitations that serve just as well. White porcelain plate or butchers tray would also be fine.

**OTHER ITEMS -**

- 2B Lead Pencil or Mechanical Clutch pencil with fillable 2B Lead
- Box of tissue paper
- Water container
- Water spray bottle
- Atomizer
- Masking Tape or Paper clips
- Old towel or sponge to remove/control excess water
- Failed or old painting so we can use their backs for rough work.

If you have any queries or further information please contact Chan on [artist@chandissan.com](mailto:artist@chandissan.com)

***Please note;*** As tables are at a premium during this weekend we ask students to please share your table with another student. Thanks very much.

### **PAPER**

eg. Saunders, Langton, Arches, Fabriano or student eg. Bockingford, **rough or NOT** - 300gms.

Sold loose (full sheet) 76cm x 56cm or in gummed blocks or pads (A3). We will get through a couple of A3's or equivalent- half the full sheet per day and you can paint on either side for economy.

Careful with old paper it can go mottled. If you have old paper 2 years+ test it out with water and reject if it is like blotting paper.

### **BRUSHES**

Large and medium pointed (pref. soft hair with a point eg. squirrel or synthetic squirrel, my favourite is a No 4 Casaneo, Da Vinci brush) a synthetic med and small pointed detail brush and a small (1-0.5cm) flat stiff synthetic brush. **Photo of my brushes on my website under Equipment**

**SUNDAY PAINTERS WILL NEED A HAKE BRUSH (Cheap)** – eg: DAS do a good one for about \$10. Size about 5cm, give or take.

### **OTHER ITEMS**

Sketch Pad or note pad

Palette – a decent size for mixing large washes

Art Board large enough to take at least A3 size

Art Board Prop eg a block 30c length 4 “x 2” wood to tilt art board

Spray Bottle - optional eg. small empty from home

Masking Tape – you don't need to stretch your paper.

Water Container

Pencil (B or 2B) and Eraser (preferably kneadable )

Box of tissues or rag **and** a small piece of flat kitchen sponge

This is only a suggestion list intended as the basic requirements but feel free to bring what you usually use.

Camera/ipad please feel free to photograph demos and teaching sheets
